

### UC ProSet LUX™

More productive calls. Fewer interruptions.

Designed specifically for Unified Communications, the plug-and-play UC ProSet LUX™ gives you excellent sound quality—and the industry’s best noise canceling—across devices and media types. And the UC ProSet LUX is the only headset with an LED presence indicator built into the microphone boom. It visually notifies others if you’re available, on a call or not to be disturbed.

### Envoy™ UC

Connect, communicate, and collaborate clearly.

With all the communication options in your office arsenal—from VoIP to video conferencing to speech recognition—voice quality is more important than ever. VXi designed the Envoy™ UC to give you best-in class sound quality so you can make the most of every interaction, no matter the medium.

VXi Connect software is designed to enable full integration of VXi USB headset features with a variety of Unified Communications softphone applications.

## VoxStar™ UC

**Be heard clearly, however you communicate.**

The VXi VoxStar UC is the wireless Bluetooth® headset that delivers clearer conversations and better PC app performance.

- Be heard clearly with the industry's best noise canceling—guaranteed.
- Get better results from any voice application.
- Connect to both your cell phone and PC from one headset.

## ConneXt™

**Let one headset do the work of two.**

If you use a headset with both your desk phone and PC—or would like to—VXi just made it easy, with ConneXt.

- Use one headset for both your PC and desk phone.
- Easily switch between PC (softphone, Skype, etc.) and desk phone calls.
- Works with all VXi corded headsets.

**VXi headsets have industry-leading noise canceling (certified by independent, third-party testing with high sound intelligibility).**

## V150 Office Wireless

**Handle the call from anywhere in the office.**

The V150 frees you from your desk, so you can take care of business, no matter where you are.

- Enjoy 300 feet of great-sounding wireless freedom.
- Talk all day on a single charge (up to 10 hours).
- Be heard clearly with the industry's best noise canceling—guaranteed.
- Use with VEHS Electronic Hook Switch or L50 Handset Lifter to remotely answer/end calls.

## CC Pro™

**Impressive performance. Incredible value.**

Everything about the VXi CC Pro™ headset tells you it's a step up. Vastly superior noise canceling cuts nearly 90% of background noise, to ensure you are heard clearly. Wideband audio makes it easy to understand every word. And genuine lightweight comfort makes CC Pro easy to wear, all day. In fact, about the only thing that's not a step up is the price. With CC Pro, you get the best of everything—including value.

**Adjustable headband** for a custom fit.

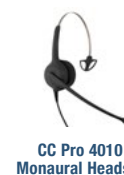

**Oversized ear foam** for all-day comfort.

**Advanced noise-canceling microphone** ensures you're clearly heard.

**Flexible, snap-lock microphone boom** stays where you put it for optimal sound quality.

## UC ProSet™

**UC-ready when you are.**

Whether you already have a UC system, or are still weighing your options, the VXi UC ProSet is ready when you are—with the performance and value you only get from VXi.

- Be heard clearly with the industry's best noise canceling—guaranteed.
- Enjoy clear conversations and natural-sounding wideband audio.
- Maximize your Unified Communications capabilities.

## Passport®

**Every word gets heard.**

VXi Passport delivers the accuracy and clarity professionals demand, for shorter, more productive conversations.

- Be heard clearly with the industry's best noise canceling—guaranteed.
- Wear all day in lightweight comfort.
- Stay focused, with its stable, custom fit.
- Count on Passport's real-world durability.

## VR12/VR11

**The corded choice for voice-directed picking.**

VXi's rugged VR12 and VR11 headsets boost productivity in high-noise industrial settings, with the audio accuracy voice-directed picking and speech recognition demand.

- Hear and be heard clearly with high-quality receivers and the industry's best noise canceling.
- Wear comfortably, all day.
- Use every day, thanks to durable dependability.

## Talk Pro™

**Get the speech recognition you deserve.**

Accurate audio input is the key to speech recognition performance, and it's the reason VXi TalkPro headsets are the talk of the speech recognition industry.

- Be heard—and understood—clearly with the industry's best noise canceling microphone.
- Wear comfortably, all day.
- Just plug and play, no drivers or software to install.

## Tria™

**You choose the style that works for you.**

The VXi Tria's choice of wearing styles makes it easy for buyers and supervisors, and perfect for any user preference.

- Get three headsets for the price of one.
- Be heard clearly with the industry's best noise canceling—guaranteed.
- Wear all day in lightweight comfort.
